

MURDER AND MUTINY AT SEA

ANDREWS SAYS THAT HE GOT NO MONEY

SAY JAPANESE LINERS WILL STILL CALL AT HONOLULU

CAPTAIN OF THE TENYO MARU HAD NOT HEARD OF PLANS TO CUT OFF HONOLULU AS A PORT OF CALL—TWO MORE STEAMERS ARE TO BE ADDED TO COMPANY'S FLEET.

Captain Filmer of the Tenyo Kisen steamer Tenyo Maru, this morning stated that as far as he knew there was no idea of taking the T. K. K. liners off the Honolulu-San Francisco run in spite of all reports to the contrary.

"I certainly would have heard something about the change this time in San Francisco if there was any truth in the report, General Manager Shirashi was in San Francisco when we left and he certainly would have said something about it to me if the officials were even contemplating such a change.

"It is true that the line will receive freight after January 1 of next year from the Gould lines, but that fact alone is no reason for the withdrawal of the ships from Honolulu."

SAN FRANCISCO, August 14.—(Aft-

er completing arrangements whereby the Tenyo Kisen Kaisha will sever its connection with the Pacific Mail and other Harriman steamship companies and become affiliated with the Western Pacific, W. H. Avery, assistant general manager of the Oriental company returned from the East last night and is at the Fairmont Hotel. Accompanying him were M. Shishiki, managing director, and K. Okawa, vice president of the company.

The new traffic agreement between the Western Pacific and the Tenyo Kisen Kaisha will become effective January 26, 1911, according to the assistant general manager. He also announced that his company would operate five steamships between San Francisco and the Orient instead of three, the present arrangements.

MAY SEND BACK THE "IMITATION WHISKY"

Authorization was received from Washington by Collector of Internal Revenue Walter F. Drake for the return to the Pacific coast, in bulk, of the imitation whisky, and other stuff of a similar nature, which local liquor dealers find themselves unable to dispose of here, since the Board of License commissioners passed a resolution against the sale of such stuff.

There is a considerable quantity of the "compound" here, and under the rule of the board any saloon selling it would be in danger of losing its license. It came here in barrels, duly plastered with the necessary federal labels, and was then doctored, compounded, fixed up and bottled, and was to have been sold at retail.

When the dealers found that the license board would not stand for having the stuff sold here, they decided to ship it back to California. As it would be much easier to ship it in bulk, they asked to be allowed to put it back in barrels and receive the necessary federal labels and certificates. The special privilege to do so is granted by a letter today from the commissioner of Internal Revenue, containing the following language:

"The course which the parties desire to pursue is not specifically authorized by law and regulations, but as an emergency measure in view of the peculiar circumstances of the case, you may inquire into the legality of the spirits which they propose to thus dispose of, and of thoroughly satisfied that the same have been duly taxed, permit them to make application for wholesale liquor dealers' stamps on Form 92-1-2.

"It will be understood of course that only goods of the same kind are to be thus combined, and the regulations relating to the filling, marking, branding and stamping of packages by a wholesale liquor dealer will apply, the transfer to be made under the supervision of a deputy collector."

NEW RICE MILL

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. With the large cleaning capacity they are able to handle considerable outside particular work which they guarantee.

A GOOD INVESTMENT.

It costs but a small amount to keep Chamberlain's Colic, Cholera, and Diarrhoea Remedy always on hand, and it is economy in the end. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

No trace of the man who held up the Chinese owner of the store at the corner of King and Punchbowl streets the other night and who escaped from the officers who were sent for him has been obtained, although the police are in hopes that he will be caught in a few days as they have a good description of the missing man to go by. At first it was thought that the man was a Porto Rican, but further investigation makes the police believe that the man was a Filipino.

ANDREWS SAYS MONEY WAS NOT FOR HIM

REPUBLICAN EXECUTIVE COMMITTEE TO MEET AT FOUR THIS AFTERNOON—QUESTION OF A FIVE HUNDRED DOLLAR DRAFT INVOLVING THE INTEGRITY OF THE MANAGER OF THE PARTY ORGANIZATION.

The Republican Territorial executive committee is to meet again at four o'clock this afternoon, to consider the Lorrin Andrews investigation, and, it is expected, the matter will be decided one way or the other.

The hearing has resolved itself now largely into a question of a draft of \$500 paid to Lorrin Andrews by Cohen. But it appears that the committee is not likely to have any further explanation of what the draft was for and the case will rest where it is, unless Cohen chooses to release Andrews, as Cohen's attorney, and explain what the money was for.

Lorrin Andrews said this morning that he could not go any farther in discussing the matter than to say that the draft was not for him. "The draft, it was not the only one, was either sent to me by Cohen or was made by me on him or his California people. I do not remember which was it.

"None of this money was for me. It was paid over by me, to the parties for whom Mr. Cohen sent it to me.

That is all I can say as to the disposition of this money. My bank book and other accounts can be shown to prove that none of it was mine."

The Republican political row was the main topic of conversation here today. It appeared to be the general opinion that Joe Cohen had been put out of the race by the revelations of the investigation. Half a dozen witnesses who declare that he made a proposition involving selling the Republican organization to the liquor men seem to be regarded as sufficient to end his chances of being a senator, to say the least.

There were numerous consultations today on the subject of the action to be taken this afternoon. It is said that the right of Alu to act as proxy might be contested, as the proxy under which he is acting is said to be not in accordance with the rules.

Andrews, it is stated, still has the confidence of a majority of the executive committee. Lane, of course, is opposed to him, and Chairman Atkinson's vote will be against him.

GOOD SCORES ARE BEING MADE BY THE HAWAIIANS

Hawaii's riflemen are making a good showing at Camp Perry, as was shown by reports of the rifle shooting scores received today by General Jones. All of the members of the team from here are wearing 90 per cent medals, won for shooting averages in National Rifle Association matches. Scores made on August 10 and 11 at Camp Perry, in preliminary matches, were as follows:

Firing.	600 Yards.	800 Yards.	1000 Yards.

FLYING FISH SHOOTING PARTY THE LATEST AQUATIC SPORT

Flying fish shooting is on. The first party to take advantage of the new form of sport started from the Young Brothers boat house this morning shortly before eight o'clock in the big launch Brothers for the flying fish grounds off Waikiki. When the big power craft came abreast of the Tenyo Maru several shots were fired by the sportsmen on board at a school of the fish who were just emerging from the water. On account of the great distance between the custom-

house launch and the Brothers it was impossible to tell if any of the fish were killed as the result of the shots fired, although the launch made several turns and then stopped as if the marksmen were getting the result of their efforts with their guns.

According to Will Young, trips will be made by them in their launches whenever enough people can be persuaded to take a hand at the new game. A number of fish were killed but on account of the rough weather it was impossible to pick them up.

DESERTERS FROM THE NAVY SEIZE STEAMER

(Special Cable to The Star.)

SAN FRANCISCO, August 22.—French West and G. W. Wise, deserters from the navy, committed desperate piracy and murder on the high seas between here and Portland.

The deserters were passengers on the coasting steamship Buckman. When off Cape Blanco, Oregon, they killed Captain Wood, held up the crew and attempted to beach the ship and rob the crew.

Although unarmed the crew resisted and a desperate battle ensued in which the sailors were victorious.

West jumped overboard. Wise was captured and has made a confession of the diabolical crime of himself and his comrade.

FIRST WESTERN PACIFIC TRAIN.

OAKLAND, August 22.—The first passenger train on the Western Pacific railroad has been dispatched, its departure was the occasion of a great celebration.

HUNDRED LIVES LOST; THOUSANDS FLEE FROM HOME

(Associated Press Cable to The Star.)

SPOKANE, Washington, August 22.—The forest fires in the Northwest country continue to rage and are known to have cost a hundred lives. In addition to those known dead many are missing, and the total fatalities will probably be much larger.

In Idaho a number of towns in the path of the advancing flames are being abandoned, as it seems impossible to stay the fire's progress. Thousands of people have given up their homes and are flying for safety.

More troops have been ordered to the scene to assist in blocking further advance of the flames.

WASHINGTON, D. C., August 22.—The government has been notified that the great forest fires now raging in Oregon and neighboring states were of incendiary origin.

LONDON, England, August 22.—The cruiser Bedford, which went ashore yesterday at Quelfort Island, at the entrance to the Yellow Sea, is a total loss. Eighteen of her crew were drowned.

NICARAGUA ENDS HER WARFARE.

NEW ORLEANS, August 22.—Managua has fallen, and a new government is now firmly seated. General Madriz remained to the last as provisional president.

Jose Estrada, brother of General Juan Estrada, has been proclaimed as president of a reunited Nicaragua. It is believed that peace will now ensue. It is believed by many this is just in time to forestall American intervention.

NEW ARRIVALS.

A few of the new goods recently received at Sachs are advertised in today's paper. All are very attractive and surprisingly low in price. Every steamer will bring additions to this new stock.

ROYAL BAKING POWDER
Absolutely Pure
The only baking powder made with Royal Grape Cream of Tartar.
No Alum, No Lime Phosphate

EDUCATOR \$4 Shoe

A home for the feet—not a Prison.
We have them in all leathers both in high and low.
Especially good for office men and clerks.
